

OPTins is a simple three-step process which facilitates the electronic submission of premium taxes, surplus lines taxes, assessments, and other state-specific filings. Fees are transmitted via ACH debit or ACH credit, to assure that your funds will be received by the state in a timely and secure manner. There is no special software to purchase or licensing fees - only a transaction fee of \$15.00 per filing.

Once your paperwork is submitted, the OPTins team will review your paperwork and begin your account setup. We will contact you with any questions and the next step in the implementation process. If you have any questions, please contact the OPTins marketing and implementation team at (816) 783-8787 or optinsmktg@naic.org.

ACH Credit Accounts: Once your paperwork is submitted, the OPTins team will send you information regarding the ACH Credit Penny Test. This will require you to work with your bank and push a penny from your bank account to OPTins with required addenda information. Once the penny test is a success, we will move onto the next step in the implementation process.

ACH Debit Accounts: Please check with your bank and ensure there is not a debit block on your bank account and make sure your debit threshold is high enough if you plan to submit large payments.

To remove a debit block, please provide your bank with this info:

Company ID (ACH Origination Number): 9870877295

Debiting Bank Account Name: NAIC

For ACH Credit you will need to work with your bank each time a filing is submitted to initiate the payment with a unique addenda. You cannot use a credit card for this option.

Backup Email Contact

As an added layer of protection, the system will generate an email message to the user who created the filing, as well as a Backup Contact in the event a Scheduled Filing is unsuccessful. The Backup Contact doesn't necessarily have to be an OPTins user, but would have a vested interest in whether a Scheduled Filing was unsuccessful.
